

Argent Federal Credit Union
Discretionary CheckPrivilege Disclosure

What Else You Should Know

- A link to another account or a line of credit is a less expensive option than an overdraft. A single larger overdraft will result in just one fee, as opposed to multiple smaller overdrafts. Good account management is the best way to avoid overdrafts. Use our mobile banking, Internet banking, and telephone banking services to keep track of your balance. For additional financial education resources, please visit www.mymoney.gov.
- The \$30.00 Overdraft Fee is the same fee amount that is charged if a check is returned as unpaid. If multiple items overdraw your account on the same day, each item will be assessed an appropriate Overdraft Fee or a Return Fee of \$30.00. All fees and charges will be included as part of the CheckPrivilege limit amount. Your account may become overdrawn more than the CheckPrivilege limit amount because of a fee.
- Transactions may not be processed in the order in which you made them, and the order in which transactions are posted may impact the total amount of Overdraft Fees and Return Fees assessed.
- Although under payment system rules, Argent Federal Credit Union may be obligated to pay some unauthorized debit card transactions, Argent Federal Credit Union will not authorize debit card or ATM transactions unless there are available funds (including Overdraft Coverage Options) to cover the transactions and any fee(s).
- Giving us your consent to pay every day debit card and ATM overdrafts on your consumer account may result in you incurring Overdraft Fees for transactions that we would otherwise be required to pay without assessing an Overdraft Fee. However, this would allow us to authorize transactions up to the amount of your CheckPrivilege limit and may also help you avoid overdrafts in excess of your available funds that could result in restriction of your debit card.
- Argent Federal Credit Union authorizes and pays transactions using the available balance in your account. Argent Federal Credit Union may place a hold on deposited funds in accordance with our Funds Availability Disclosure, which will reduce the amount in your available balance. The available balance for checks, ACH items, and recurring debit card transactions is comprised of the ledger balance, less any holds on deposited funds and any debit card holds, plus the amount of the CheckPrivilege limit and any available overdraft protection. The available balance for ATM and everyday debit card transactions on accounts with Standard Coverage is the ledger balance, less any holds on deposited funds and any debit card holds, plus any available overdraft protection, but does NOT include the CheckPrivilege Limit. For accounts with Extended Coverage, the CheckPrivilege Limit is included in the available balance for authorizing ATM and everyday debit card transactions.
- Please be aware that the CheckPrivilege amount is not included in your available balance provided through online banking, mobile banking or Argent Federal Credit Union's ATMs.
- Argent Federal Credit Union will place a hold on your account for any authorized debit card transaction until the transaction settles (usually within two business days) or as permitted by payment system rules. In some cases, the hold may exceed the amount of the transaction. When the hold ends, the funds will be added to the available balance in your account. If your account is overdrawn after the held funds are added to the available balance and the transaction is posted to the available balance, an Overdraft Fee may be assessed.
- Except as described in this letter, Argent Federal Credit Union will not pay items if your account does not contain available funds (including the CheckPrivilege limit) to cover the item(s) and the amount of any fee(s).
- Argent Federal Credit Union may suspend your debit card if you incur overdrafts in excess of the available balance in your account, including any CheckPrivilege limit (as described in this letter). Debit cards on your account will remain suspended until you make sufficient deposits so that your available balance, taking into account any CheckPrivilege limit, is positive and then you contact us.
- Argent Federal Credit Union may also suspend your debit card if your account is overdrawn more than thirty-two (32) consecutive calendar days. Debit cards on your account will remain suspended until you make sufficient deposits so that your account balance is positive.
- Argent Federal Credit Union may also suspend your debit card if we are unable to contact you due to incorrect mailing address or phone number(s). You must contact us with your correct mailing address and/or phone number(s) to have your debit card reinstated.
- If your debit card is suspended, you will be unable to use your debit card for purchases or to access your account at the ATM, and if you use your debit card for recurring payments, e.g., utilities, you are responsible to make other arrangements for your recurring debit payment(s).
- CheckPrivilege is not a line of credit; it is a discretionary overdraft service that can be withdrawn at any time without prior notice.
- CheckPrivilege may be discontinued if you default on any loan or other obligation to us, your account becomes subject to any legal or administrative order or levy, or if you fail to maintain your account in good standing by not bringing your account to a positive balance within thirty-two (32) days for a minimum of 24 hours.
- Depositor and each Authorized Signatory will continue to be liable, jointly and severally, for all overdraft and fee amounts, as described in the Membership and Account Agreement. The total (negative) balance, including all fees and charges, is due and payable upon demand.

If you have any questions about Overdraft Protection or CheckPrivilege, please call us at (804) 748-9488, option 2 or visit a member center.
