Make the Equity in Your Home Work for You

One common misconception is that a home equity line of credit or loan can only be used for home improvements. The reality is you can use this money to pay for a wide variety of expenses – from home renovations to car repairs, college tuition, or even a dream vacation.

We provide options:

Our **Home Equity Line of Credit** allows you a money line to use whenever you need it. It comes with a low introductory rate, and we even pay the closing costs!*

With a fixed-rate **Home Equity Loan**, you borrow a fixed amount and pay back the loan over a pre-determined period of time.

Apply for one of our Home Equity products anytime, day or night, and put your home's equity to work for you!

*No closing costs. Not available for a home purchase or investment properties. If you close your line of credit within thirty-six (36) months, you will be required to reimburse the Credit Union for closing costs paid on your behalf. These fees generally total between \$400 and \$1,000. If you ask, we will provide an itemization.
